

# TOP 10 REASONS ORTHOPEDIC PRACTICES CHOOSE US OVER A LOCAL MSP

- 1 We Specialize in IT for Orthopedic Groups**  
Our staff includes PM/EMR experts, SQL DBA, report writers, systems engineers, and network engineers, all working cooperatively to maximize your clinical systems.
- 2 Strategic Partnership**  
We take the time to get to know your business and staff, so we can implement solutions that align IT with your company's objectives.
- 3 Invest in the RIGHT Technology**  
Yes, it's important to spend money on technology. But, it's even more important to spend money on the RIGHT technology. That's why we look at your network as a whole to carefully prioritize short and long-term goals, so you get the most from your IT investment.
- 4 Comprehensive Security**  
We take a comprehensive, proactive, layered approach to IT security to keep your network safe. We maintain up-to-date tools and certified expertise in all areas related to cybersecurity.
- 5 No Cybersecurity Breach Guarantee**  
We are so confident in our Security Fabric, we guarantee NO breaches. Any orthopedic practice that implements our complete Security Fabric package and experiences a breach receives a free month of our cybersecurity service.
- 6 SOC 2 & HIPAA**  
We undergo regular audits to ensure our processes and policies meet or exceed industry best practices, so you know your network and data is safe.
- 7 Certified Compliance Expertise**  
Our comprehensive knowledge of HIPAA Compliance is invaluable to your practice. In fact, there isn't a problem our certified technicians have not solved in our 24+ years in the healthcare industry.
- 8 We're Available When You Are**  
Even though we do the majority of our work remotely, it won't feel like we're far away. In fact, we're able to solve issues much more efficiently than most onsite teams since we know your network inside and out. Our ability to quickly jump on the phone and solve many problems in minutes gives users peace of mind and makes them feel heard.
- 9 Scalable Custom Agreements**  
We don't have one-size-fits-all service agreements. Instead, we tailor our services to your individual network. We take the time to talk with your leadership group so that we fully understand your systems and how they integrate with your practice.
- 10 Nationwide On-site support**  
Think you'll need onsite support from time to time? No problem. Our nationwide reach means we can provide local, onsite support to 98% of all US zip codes within 4 hours.
